How strange....My computer has been acting strange today. I have had to restart 5 times and it gave me an error message that read VPN Access Limited that applies to secondary users whatever that means. Anyway I pulled my copy up and it's there so here it is again.

Also, Derek's staff is working on the CHD site map, I have a response from Dorothy regarding vaccine and I have the contract list ready. Once you give the OK to the revolving document, I will attach the contract list and send to Mark Newman and copy you two.

Sorry.
